

Athletics

Athletic Eligibility:

Mother of Our Redeemer has adopted the guidelines contained in this section as a standard to be used by the administration in determining athletic eligibility based on a student's academic performance. They are in compliance with the Archdiocesan and the All Catholic Conference regulations:

1. A student's academic eligibility will be determined each marking period based on his/her performance on the previous and current marking period.
2. Final decisions may be determined by the Athletic Director and the Principal.
3. A marking period is defined as a grading period at the end of which the school reports to the parents (using numerical or letter grades) the student progress in each subject area.
4. Academic eligibility is based on the student's performance in the core courses (Religion, Reading/Literature, Mathematics, English, Social Studies and Science); special classes will also be averaged.
5. A student is eligible to participate in interscholastic activities for the marking period if he/she, in the previous marking period, has met the following:
 - a. passed all core course ("C" or higher)
 - b. passed all special classes ("C" or higher)
 - c. has maintained at least a "B" in Physical Education
 - d. has no "D or F" in any subject
 - e. has maintained at least an "S" in conduct in all subjects
6. A student's grade point average is calculated by averaging the student's total quality points by the total number of courses. Quality points are assigned according to the following system:
 - i. A-90-100 B-80-89 C-70-79 D-60-69 F-59 or less

7. An athlete who has been ruled ineligible may regain his/her eligibility once he/she has met academic requirements for the previous marking period. A student must be informed of his/her ineligibility and must be prohibited from further participation within three (3) days from the date on which the grades are disseminated to the parents. Progress reports will not be considered for eligibility purpose.
8. Inappropriate conduct during a game will result in disciplinary action. Sportsmanship is a vital ingredient for all team sports.
9. It is the responsibility of each principal and athletic director to enforce all eligibility requirements. The principal may waive the eligibility requirements in extraordinary cases.
10. Any student who does not attend school a minimum of three (3) hours may not participate in an interscholastic event on the same day.
11. Any student that is absent the day before a game will not be allowed to play in that game.
12. Student may receive additional requirements from individual head coaches.
13. Physical Statement: No student shall be eligible to represent the school in interscholastic athletics or try-out unless there is on file a physician's statement for the current academic year (June-June). It must certify that the pupil has passed an adequate physical examination, and that, in the opinion of the examining physician, he/she is fully able to Participate in school athletics. It must be stamped by the physician's office. No faxes permitted.
14. The Athletic Consent and Release from Liability Certificate must also be completed before a student may participate in extra-curricular sports.
15. Any student who quits a sport after being selected to the team will become ineligible for that sport the remainder of the year.
16. Any fees collected for any sport will not be returned to those students who were suspended due to low grades or disciplinary reasons.

Athletics Tryouts

It must be understood that all students that try out for a team will not necessarily make the team.

Ordinarily parents are not allowed to attend tryouts. Administration/Athletic Directors will normally not discuss tryout results with parents.

Each student must have a signed permission slip, waiver, current physical form and proper attire to attend a tryout and/or be a team member.

Students may not be eligible for a tryout if the tuition account is in arrears.

Please sign and return the bottom portion prior to the start of the season. Failure to do so will prevent your son/daughter from participating.

I have read and understand the rules here fore mentioned.
